

# ENVYING LOVE

## VERSE 1

The rain; a gentle breeze  
I can hardly breathe  
I need you, desperately  
It's hurting me

## VERSE 2

So many tears I've cried, for you  
So many times  
A language I just don't understand  
All for the pleasures the heart demands

## CHORUS

Owhhhhh I've had enough of...  
Envyng love, En-vy-ing love

## VERSE 3

In the evening, at the end of the day  
I'm all alone  
Goodbye my friend, so long, farewell  
I'm moving on, I'm moving on

## CHORUS

### INSTRUMENTAL VERSE

## VERSE 4

Owhhhhh, I'm moving on, time to make a change  
Gotta find a way  
I won't cry no more, I won't cry  
It's the last time honey you'll see me now, Goodbye

## CHORUS

Owhhhhh I've had enough of  
Owhhhhh I've had enough of  
Owhhhhh I've had enough of...  
Envyng love
