

FADE AWAY

VERSE 1

This song reminds me of you
Alone, a long way from home
Exposed to a fictional truth

VERSE 2

I'm low; you raced ahead, now I'm scared to forget
I never used to be this afraid
Rest on the hope of easier days

CHORUS

Oohhhhh, smile on your empty ways
You know I won't fade away
I won't fade away

VERSE 3

No more, no more.
No need to hide
Someday soon, you know the sun will shine

CHORUS & INSTRUMENTAL

MIDDLE

It's such a lovely day outside
Just look at the sky

CHORUS x2

Oohhhhh, smile on your empty ways
You know I won't fade away
I won't fade away. No, noooooo
The sun is shining, the sun is shining
I won't fade away
