

I NEVER LOVED YOU

VERSE 1

My thoughts keeps wandering, strolling round my mind
My mind keeps thinking what, have I done this time?
Yoooouu, followed me, what a fool
I could have shown you mercy, but I chose not to

CHORUS

Like a child in sleep I never worried about a thing
Like a butterfly, born within the spring, I never thought
Tooooooo, try to see you
I never looked in your heart, never looked in your soul
I never loved you

VERSE 2

Now your eyes seem awfully dreary, gone is the wistful hope
But you showed no resistance to my hands around your throat, I couldn't tell
Yoooouu, about me, so cruel
I let you think I loved you honey, it was so untrue

CHORUS (FOLLOWED BY...)

I never loved you (x4)

INSTRUMENTAL

CHORUS (FOLLOWED BY...)

I never loved you (x4)
